Local. Independent.

## SCHOOL READING PROGRAM

Bookworks provides a full-service school reading program for local schools. We order and sell books students need for the school year and summer reading via a customized ordering web page.

The process is simple. You send us a spreadsheet or list of your required titles, with author, title, and ISBN for every teacher and grade at your school, and we create a customized online ordering page on our website.

Our online ordering system is beneficial in a number of ways:

- convenient for parents and students by allowing for ordering from home
- accurate order numbers allow us to streamline shipping and receiving of books to ensure all orders are filled in a timely manner
- discounts for school orders for most titles

Books for school orders can be picked up at our store. Or, we can delivery them to your school for your students to pick up as part of a scheduled book fair.

Each customized webpage has its own school-specific or grade-specific URL for easy sharing of the ordering link with your students and parents. The process is as simple as a few clicks! Check out an example of a customized reading list webpage on page 2.

Several local schools have already begun working with us through our online ordering system, and we hope you will too. Let's discuss our options! Please contact Danielle Foster, Bookworks Co-Owner, for more information @ [danielle@bkwrks.com](mailto:danielle@bkwrks.com) or 505-344-8139. You can also return the form below to any of our booksellers or representatives, and we will be in touch with you shortly.
